

# Have Fun with Chinese

## Explore a language spoken by over a billion people worldwide

This online program lets students have fun exploring the language and culture of China

- Small-group classes taught by Chinese native-speaking teachers live via Zoom.
- Learning materials provided to support the online instruction.
- Multimedia approach sparks student curiosity about Chinese language and culture.
- For students with little or no Chinese language skills.
- Classes guide students step-by-step through the early learning stages. Topics include: Conversational basics, describing people and things, learning words for foods, numbers, colors, etc.

To help students stay interested and motivated, the **Have Fun with Chinese** program is built on themes and concepts that combine "learning and practice" with "exploration and fun".

**Cost:** \$250 for the entire program

**When:** Once per week for 14 weeks starting Spring 2021
