

Learn Chinese Travel to China

Learn a language spoken by over a billion people worldwide
Explore a culture rich in history and diversity

Online program lets students have fun exploring the language and culture of China.
Classes integrate with educational trips to China.

- Small-group classes taught by Chinese native-speaking teachers live via Zoom.
- Learning materials provided to support the online instruction.
- Multimedia approach sparks student curiosity about Chinese language and culture.
- Introductory classes teach common words and phrases while guiding students through this early learning stage smoothly. There are four 50-minute classes each week:
 - ✦ Two classes of Chinese language instruction.
 - ✦ Two classes learning about Chinese culture.
- Upon successful completion, students will receive a certificate of completion which may entitle them to **academic credit**.

To help students stay interested and motivated, the **Learn Chinese Travel to China** program is built on themes and concepts that combine "learning and practice" with "exploration and fun".
